**Reasons for granting it**

**Urgent  
unforeseeable  
circumstances**

The COVID-19 outbreak has resulted in drastic travel restrictions and closure of borders between a majority of States.

- Holders of Part-FCL pilot licences who are required to perform their licence proficiency check (LPC) to revalidate the validity period of their class ratings, type ratings, instrument and mountain ratings are not able to timely reach or gain access to aircraft or flight simulation training devices (FSTDs) to complete the necessary flights, training and checking. Additionally, these pilots are not able to timely get access to an examination for maintaining their language proficiency. This would result in expiry of their ratings and the language proficiency endorsement.
- Holders of LAPLs, BPLs, SPLs as well as of mountain ratings or sailplane cloud flying ratings are not able to maintain recent experience related to their privileges.
- Holders of Part-FCL instructor and examiner certificates who are required to perform an assessment of competence to revalidate their instructor or examiner privileges in order to continue to exercise their training and checking privileges are not able to timely reach or gain access to aircraft or FSTDs to complete the necessary assessment of competence. This would result in expiry of said certificate.
- Holders of Part-MED medical certificates who are required to undergo a recurrent medical examination to revalidate their medical certificate to continue to exercise their licence or certificate privileges are not able to timely reach or gain access to an aeromedical examiner (AME) or aeromedical centre (AeMC) to complete the necessary medical examination. In addition, in many cases medical examiners have been reassigned to support the COVID-19 outbreak in their State. This would result in expiry of said certificates.
- Applicants for the issue of a licence or an instrument rating are not able to timely reach the competent authority to complete theoretical knowledge examinations within the time periods specified in points (a)(3) and (b)(2) of point FCL.025 of Part-FCL.
- After completion of theoretical knowledge examinations, applicants for the issue of a licence or an instrument rating are not able to access training facilities and training aircraft or FSTDs in order continue with practical training within the time periods specified in point FCL.025(c)(1) of Part-FCL.
- Applicants for a class or a type rating are not able to access training facilities as well as training aircraft or FSTDs in order to comply with the second subparagraph of point FCL.725(c) of Part-FCL.

	<b>Urgent operational needs</b>	As a result of the extreme operational and resource constraints caused by the COVID-19 outbreak, it is needed to apply this exemption to holders of European licences, ratings, endorsement and certificates when the Transport Authority is informed about the said circumstances, either by the holder of the licence, rating, endorsement or certificate or by the training organisation of the applicant(s), as applicable. This Exemption aims to reduce the severity of the disruptions and consequent negative impacts on general aviation.
<b>Summary of mitigating measures</b>	<b>Safety, environmental protection</b>	<p>A) Safety:</p> <p>(1) Holders of class ratings, type ratings, instrument ratings, mountain ratings or language proficiency endorsements benefiting from point (a) of this exemption (see field "Summary of the exemption") shall comply with all of the following:</p> <p>(a) they shall hold a valid relevant rating and, if applicable, a valid language proficiency endorsement;</p> <p>(b) they shall, during the application period of this Exemption, have received a briefing from an instructor who holds relevant instructional privileges in order to refresh the required level of theoretical knowledge to safely operate the applicable class or type and to safely carry out the relevant manoeuvres and procedures, as applicable. That briefing shall include class – or type – specific abnormal and emergency procedures, as appropriate.</p> <p>(2) Upon successful completion of the briefing as per point (b), the new expiry date of the relevant rating and, if applicable, the language proficiency endorsement, shall be indicated in one of the following methods:</p> <p>(a) it shall be endorsed in the licence of the pilot by one of the following:</p> <p>(i) the Transport authority;</p> <p>(ii) an instructor acting in accordance with point FCL.945;</p> <p>(iii) an examiner acting in accordance with point FCL.1030;</p> <p>(b) it shall be endorsed by the Transport Authority in an attachment to the licence of the pilot.</p> <p>(3) Instructors and examiner certificate holders benefiting from point (a) of this exemption (see field "Summary of the exemption") shall hold a valid instructor and, if applicable, a valid examiner certificate. The new expiry date of the certificate shall be endorsed in the licence or certificate of the pilot, either by the Transport Authority or a (senior) examiner acting in accordance with point FCL.1030, as applicable.</p>

		<p>(4) Applicants for a licence, rating or certificate benefiting from point (a)(2)(vii) of this exemption (see field "Summary of the exemption") shall have received additional training, if deemed necessary by the ATO or the DTO, in consultation with the Transport Authority.</p> <p>(6) Part-MED medical certificate holders benefitting from this exemption shall hold a valid medical certificate without limitations, except visual ones.</p> <p>B) Environment: The circumstances and needs addressed by the exemption do not have an impact on environment.</p>
	<b>Market distortion</b>	Due to the exceptional circumstances affecting all EU Member States, and given its limited duration, the exemption does not have a distorting effect on the market conditions.
