

6th International Conference

AIRFIELD PAVEMENTS

15th – 16th May 2023

The High Tatras, Patria Hotel****, Slovakia

1st Announcement

Following the previous successful years we invite you to the **6th International Conference AIRFIELD PAVEMENTS**. We have prepared for you the presentations of leading experts in the selected thematic spheres. The conference aims to address people in management of airports, airport offices, construction companies, pavement diagnostics entities, universities, airport infrastructure designers, and other people interested in airport pavements. Our aim is to create a common platform for dialogue of experts in this area, so that they could meet and discuss theoretical approaches and feasible solutions, exchange their experience, share new knowledge and establish valuable partnerships. There will be a suitable room for exhibition of relevant companies and conference program will include also a part of company presentations. We believe that the proposed program will draw your attention and bring you to the conference either as a participant or as a speaker. We are looking forward to meeting you at the conference in beautiful High Tatras.
